How To Install

1. Visit <https://www.norton.com/setup> on a web browser.
2. Create an account, and if you don't have one it's easy, just use your email address.
3. Enter the 25-digit product key.
4. Click Next and follow the on-screen instructions.

System Requirements

- Norton™ 360 Standard covers up to 1 device.
- Norton™ 360 Standard supports Windows™ PC, Mac®, Android™ and iOS devices. Not all features are available on all devices or platforms. For detailed system requirements information: [Norton.com/ns_sysreq](https://norton.com/ns_sysreq).
- Cloud Backup and SafeCam are presently not supported on Mac OS or Windows in S mode.

No one can prevent all cybercrime or identity theft.

¹ Cloud Backup and SafeCam features are only available on Windows (excluding Windows in S mode, Windows running on ARM processor).

² Requires your device to have an Internet/data plan and be turned on.

³ Norton Password Manager is not exclusive to Norton 360 functionality but is independently available for free online.
